# Fold a Fox Face

Ages 6+ · ~10 minutes · Square 150 × 150 mm · Coding idea: left = right (symmetry)

**True-size square 150 × 150 mm (cut from A4 if needed)**

Blue dashed = first valley. Purple dotted = mirror line (left = right) — do not fold on it yet.

**150 mm**

## Symbol key

Valley (fold toward you)

Mountain (fold away)

↻ Turn over → Fold arrow ✓ Check silhouette ★ Finished fox ‖ Mirror line

## You need

- 1 square paper 150 mm
- Dark marker (if plain paper)
- Flat table · Clean hands

## Coding / maths link

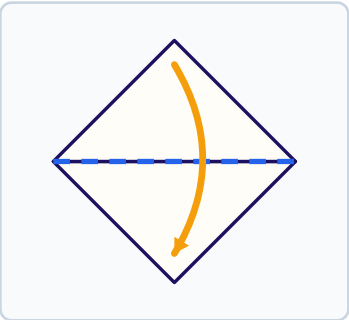

Left = right: a mirror line down the middle. Match each fold — that is symmetry!

**100 mm**

Measure: this bar must be exactly 100 mm. Print at 100%, not "fit to page".

20 mm

## 1 Big triangle

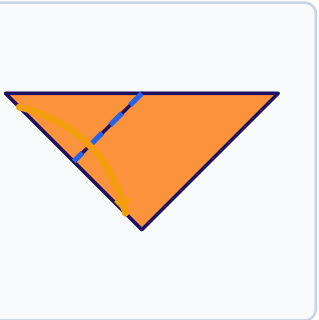

**DO**
Coloured side down, like a diamond. Fold the TOP corner down to the bottom.

**CHECK ✓**
A big triangle, fold at the bottom.

**TIP**
Crease with a fingernail.

## 2 Left corner down

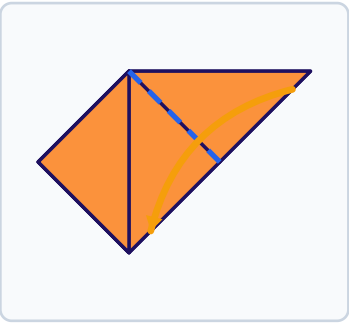

**DO**
Fold the left corner down to the bottom tip.

**CHECK ✓**
One side flap done.

**TIP**
Keep it flat.

## 3 Right corner down

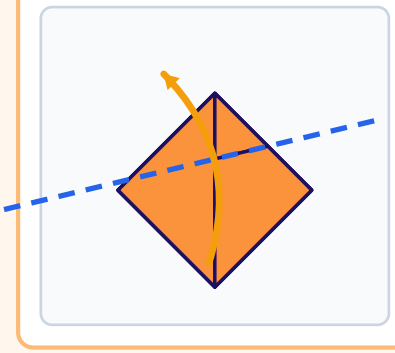

**DO**
Fold the right corner down to the bottom tip — match the left.

**CHECK ✓**
Both sides match (symmetry!).

**TIP**
Mirror the left fold — left = right.

## 4 Left ear peek

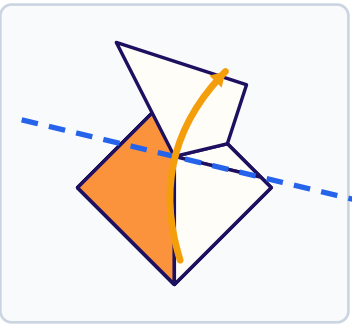

**DO**
Fold the bottom tip up a little to the left (ear peek).

**CHECK ✓**
A little triangle peeks as the left ear.

**TIP**
Only the front tip layer.

## 5 Right ear peek

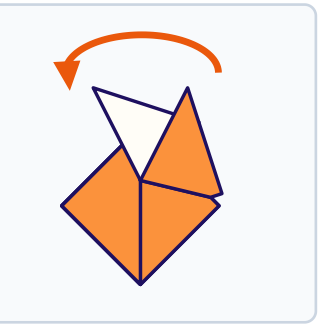

**DO**
Fold the tip the other way for the right ear.

**CHECK ✓**
Two ears! Both peeks match.

**TIP**
Mirror again — symmetry.

## 6 Turn over

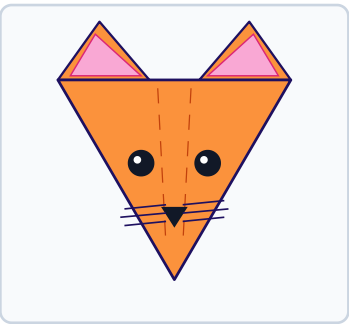

**DO**
Flip the whole fox over like a pancake.

**CHECK ✓**
The coloured face side is up.

**TIP**
Now you see the snout.

## 7 Decorate the face

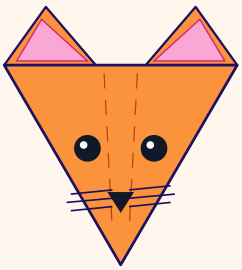

**DO**
Printed sheet: face is already there. Plain paper: draw eyes, nose & whiskers with a marker.

**CHECK ✓**
A friendly fox face!

**TIP**
Optional: add freckles or a smile.

## Finished!

Left matches right — that is symmetry! Print the fold sheet for a ready-made face, or draw your own.
